Machine: Any 9mm Bulky – no ribber required

Material: Two Skeins Lion Brand Fun Fur Yarn

Accessories: Cast on comb with weights, knitting machine brush

Ewrap CO over 30 needles. Hang cast on comb and add weights. At tension 10+ knit until 1 yard remains. BO loosely. Remove from machine. Weave in yarn ends. Stretch lengthwise and widthwise. Shake vigorously. Then brush (I use the hand brush that comes with all machines) to loosen as many eyelashes as possible.
